 Standing Offer Prices for VIC

GloBird Energy Pty Ltd (**GloBird Energy**) has determined to vary the tariffs on which it will offer to supply and sell electricity to domestic or small business customers in accordance with section 35 of the **Electricity Industry Act 2000** and the conditions of its license to sell electricity. The varied standing offer prices are set out in the tables below.

1. As required by section 35D of the Electricity Industry Act 2000, the required tariff information in respect of GloBird Energy's varied standing offer prices is as follows:
  - 1.1 The weighted tariff variation is around negative 6% for domestic customers and around negative 7% for small business customers.
  - 1.2 The varied tariffs take effect on and from 1 July 2024.
  - 1.3 The varied tariffs are GloBird Energy's standing offer prices for domestic customers and its standing offer prices for small business customers.
  - 1.4 The main reason for the variation of GloBird Energy's standing offer prices is that those variations are required to comply with the price regulation applicable to the Victorian default offer under an Order in Council made under section 13 of the **Electricity Industry Act 2000**.
